## **VIRGINIA MUSIC STANDARDS OF LEARNING 2000 CROSSWALKS AND CORE CORRELATIONS**

The Virginia Music Standards of Learning 2000 are divided into three major areas: Music K-12, Instrumental, and Vocal/Choral. The Crosswalks were created to show the relationship between the 2000 Virginia SOL and the following standards:

- 1983 and 1987 Virginia Standards of Learning;
- 1994 National Standards for Arts Education; and
- 1997 Virginia Music Educators Association Learning Standards.

The Music SOL Crosswalks and Core Correlations may be used in a variety of ways, including curriculum development. A description of these individual crosswalks is given below. An explanation of terminology used in the action columns is found in the section "Crosswalks Terminology."

### **1983/1987 VIRGINIA STANDARDS OF LEARNING CROSSWALK AND CORE CORRELATIONS**

This chart is organized into six columns. The first and second columns are paired to identify the 1983 SOL *objective* and the *action* taken to create the 1987 SOL objective which is listed in the third column. The 1987 SOL *objective* is then paired with its *action* in the fourth column from which the new 2000 SOL is created and listed in the fifth column. The sixth column is reserved for specific correlations to the standards in the core Standards of Learning for Virginia Public Schools.

### **NATIONAL STANDARDS FOR ARTS EDUCATION CROSSWALK**

The chart for the National Standards includes two columns. The first column indicates the National Standard, and the second column shows the corresponding 2000 Virginia Music Standard.

### **VIRGINIA MUSIC EDUCATORS ASSOCIATION LEARNING STANDARDS CROSSWALK**

The VMEA Learning Standards Crosswalk is organized into three columns. The first column indicates the VMEA Learning Standard, the second column shows the action taken, and the last column indicates the corresponding 2000 Virginia Music Standard(s).
